

Site Licensed Software

Microsoft Campus Agreement: Lee College has entered into a Campus Enterprise Agreement with Microsoft that will provide software for thousands of Lee College students, faculty members, and staff members at all campus locations.

The agreement will provide software and information technology training that otherwise would not be available for students, faculty members, and staff members. The agreement is part of the Lee College Information Technology strategy, a system-wide initiative to improve student learning, and through enhanced technology. Microsoft products included in the agreement:

- Microsoft Office Standard and Professional Editions, and Office Macintosh Edition
 - # Microsoft Word
 - # Microsoft Excel
 - # Microsoft Access
 - # Microsoft Outlook
 - # Microsoft PowerPoint
 - # Microsoft OneNote
 - # Microsoft Publisher
- Microsoft Project
- Windows 10 Operating System
- Microsoft Visio
- Client Access License (CALs)
- Visual Studio.NET Professional Edition
- Microsoft Endpoint Protection

All other software must be requisitioned through the Lee College Purchasing Office, Mike Sparkes, purchasing officer.
