

Open house June 11 at Lee College Education Center — South Liberty County

Community invited to discover all the programs & services the new campus has to offer

BAYTOWN, TX — Lee College invites the community to a free open house at the new Lee College Education Center — South Liberty County to explore the campus and learn more about the classes, camps, and programs offered there.

The open house will be held 10 a.m.-2 p.m., Saturday, June 11, at the education center at 1715 Highway 146 Bypass in Liberty. Participants will enjoy free food, giveaways, raffle drawings, and the chance to meet the Runnin' Rebels basketball team. Get important information about how to begin the enrollment and registration process for credit and non-credit classes, community education courses, summer camps, teaching opportunities, and more available at the center this summer and fall.

Representatives from Lee College academic and technical programs and the offices of Outreach and Recruitment, Student Career and Employment and Student Success will be available to answer questions and share details about resources and services. Prospective students can learn which college courses and degree programs they can take at the South Liberty County education center, and parents can learn more about the Dual-Credit Institute, which allows students in five neighboring school districts — Anahuac, Dayton, Liberty, Hardin and Hull-Daisetta — to earn a college credential by the time they graduate from high school.

The Lee College Education Center — South Liberty County opened in January to advance the college's commitment to enhance the academic resources and workforce training offered throughout the region by providing a wide range of programs for students of all ages. Summer classes will begin June 20 and run through Aug. 12.
